11 DIE IN STORMS THROUGHOUT SOUTHWEST

Confederates To Hold Annual Picnic May 2

Fifty Injured Million Dollar Damages Reported

ATLANTA, April 30. — Eleven known dead today as the result of terrific storms and a cyclone which swept throughout the Southwest last night and this morning. Fifty were injured and the property damage is estimated at $1,000,000.

A severe wind storm, accompanied by hail and lightning, swept this section today, causing heavy property damage. Property loss in Atlanta is $100,000.

Southwest.

KANSAS CITY, April 30—Storms sweeping over the southwest since Sunday have resulted in three deaths caused heavy property damage and swollen many streams to flood stage.

Mrs. Roy Pyle was killed and two were injured by a tornado at Ingalls, Okla. Another twister struck Texarkana, Texas, and killed Luther Thompson, five, and seriously injured seven persons. Lena Payne, 8, was killed at Wichita Falls, Texas, when the wind blew a slide on the playground over on her.

Flood warnings were issued along the Arkansas River in Kansas following a rain which soaked the State during the last 24 hours. From 3 to 6 inches were reported.

Oklahoma

OKLAHOMA CITY, Okla, April 30.—One person was killed, two injured and several thousand dollars property damage caused by gales and rain which lashed the state during the last 24 hours.

Mrs. Roy Pyle, 30, was crushed to death when a tornado demolished her home at Ingalls. The injured were Roy Pyle, and Mrs. J. F. Bailey. No other traces of the twister has been reported. Several houses in the small oil town were also damaged.

Trees were uprooted and windows smashed in by a forty mile wind and hail storm which swept this city late yesterday. Hail and rain accompanied by heavy wind was general in the northwestern section of the State.

El Paso

EL PASO, Texas, April 30.—El Paso and Juarez were menaced by floodwaters today as a result of high waters beating against Elephant Butte dam.

Officials of the two cities discussed the flood danger with George Curry of the American Boundary commission following reports that San Marcial, N. M., and other towns in that section were menaced by the high waters.

Swollen streams were said to be pouring water into the Elephant Butte reservoir in such quantities that a large volume of the waters may have to be released over the spillway to save the dam. In that event, it was said, El Paso and Juarez would be in the direct path of the floodwaters.

Mexican officials have wired Mexico City for financial assistance to meet the threatened emergency.

Texarkana

TEXARKANA, April 30.—One dead, 11 injured, and property loss estimated at $25,000 resulted from a tornado which struck this section late yesterday. Homes in the path of the twister, which cut a swath about 100 yards wide and a half mile long were swept away. Most of the injured were suffering from cuts and bruises or nervous shock.

Wichita Falls

WICHITA FALLS, April 30—High winds which swept this section late yesterday caused enormous property damage, it was reported today.

Farmers reported considerable cotton was damaged by the storm, and in some sections small homes and other buildings were wrecked by terrific winds.

Lena Payne, 8 years old, student at the Fannin school here, was instantly killed when winds blew down a slide on the playgrounds and crushed her beneath it.

MEN WHO FIGURE IN NEWS OF THE DAY.

U. S. Senator William E. Borah, Republican, of Idaho, will probably make the keynote address at the Republican National Convention in Cleveland, O., in June. U. S. Senator George Wharton Pepper, Republican, of Pennsylvania, addressing the Republican State Convention in Portland, Me., charged the Democrats with the "peril" of creating a third party, adding that "they aimed at us and hit America." Prince George, youngest son of the British rulers, is ill in London with influenza. In an effort to secure increased wages and avert a strike in the Bayonne, N. J., oil refinery region, Standard Oil workers decided to make a direct appeal to John D. Rockefeller, Jr., founder of their "republic of labor."

Former Mayor of Dallas To Address Mexia Rotary Club Thursday Noon When New Officers Are Installed

It is learned today that the principal speaker at the Mexia Rotary club luncheon Thursday at noon will be Hon. Frank Wozencraft of Dallas, former Mayor of that city.

Mr. Wozencraft has accepted an invitation to address the Rotarians on that occasion. His will be a classification talk, in line with Rotary custom, the classification on which he is to speak being, in this instance, his own line of business "Investments." He is Vice President and General Attorney of the Investment Finance Corporation of Dallas. He will discuss features of the organization and plan, which is said to be new to this section of the United States. He will be accompanied by Floyd S. Melton of the same company and they will be the guest here of Rotarian George Bell, who is local representative.

Mr. Wozencraft has won a national reputation and those who have known of his work assert that his is one of the brightest minds to be found among the successful young men of Texas. He was the youngest Mayor in the United States at the time he was Mayor of Dallas, being elected when he was but 26 years of age. While in that office, he attracted the attention of the country because of his courageous and intelligent stand on public issues. He is also a veteran of the World War.

His presence here will no doubt attract a large attendance at the Rotary club which will meet in the dining room of the Texas Cafe in the Hurdleston hote.

The new officers of Rotary will also be installed at the meeting Thursday.

In speaking of his election as President, Hardy Ubanks stated today that he was going to give Mexia and Mexia Rotarians his very best service and that he would deeply appreciate the sympathetic co-operation of every citizen of the community, speaking with much appreciation of the signal honor bestowed upon him.

There is no substitute harder than the diamond—to get.

PARIS.—Andre Routis, bantamweight champion of France, retained the title when he won from Edouard Mascart on a foul in the fourth round.

INDIANAPOLIS, April 30.—Apparently resigned to his fate, Warren T. McCray, former governor of Indiana, was sentenced today to ten years imprisonment in the federal prison at Atlanta, and fined $10,000 by Federal Judge Anderson for using the mails in schemes to defraud. McCray, broken and aged by the tragedy of the past thirty-si hours, arose from his iron cot in the Marion county jail, breakfasted on the prison menu and faced Judge Anderson. McCray's resignation as governor automatically took effect at the same time. mmet F. Branch, lieutenant governor, was given the oath of office as governor.

Cancelling all his concert engagements and summoning members of his family, Ignace Paderewski, world famous pianist and former Prime Minister of Poland, rushed in his private car from Sioux City, Iowa, to Chicago to secure doctors and nurses for his pet Pekingese spaniel, Ping Lung. It has been rumored in Athens that two persons from the yacht Corsair, in which Mr. and Mrs. J. P. Morgan were touring the Mediterranean, had been murdered in Albania. Senator George W. Norris, of Nebraska, asked the Senate Committee on Agriculture why Henry Ford gave his support to President Coolidge after talking with the Chief Executive on his bid for Muscle Shoals. Elon B. Hooker, New York City financier, has also bid for a 50-year lease on Muscle Shoals, promising the Government $305,000,000 and the people liberal terms for fertilizer and hydro-electric power.

Japan Prepares To Aid American World Fliers

OSAKA, Japan (By mail to United Press.)—Preparations to wlecome the four American airplanes in the world flight are being made by the Japanese army and navy.

Major General Yasumitsu and Rear Admiral Shiozawa, assisted by several other officers, will make all necessary arrangements to entertain and give any assistance needed to the American aviators when they arrive in Japan in the early part of May.

According to the present schedule, the American planes will reach Japanese territory about May 1. Lieut. Yamaguchi, of the Kasumigaura Naval Air Corps, will be sent to Shimushu Island, near Hokkadio, to assist the American fliers when they land on that island. Lieut. Okamura, of the Oppama Naval Air Corps, will go to Etorofu Island, near Saghalen, where the American planes will also stop. The destroyers Kuwa, and Sakai will transport gasoline to the Etorofu Island for the benefit of the American planes.

These destroyers, together with three other warships, will patrol the waters surrounding the Kurile Island while the American planes are in that region.

Lieut. C. Nutt, of the United States Air Service, who arrived from Manila about three weeks ago to co-operate with the Japanese government in making arrangements for the arrival of the American fliers, has just returned from Kagoshima, where he has been treated with high consideraeion by all the Japanese officials. These officials according to Lieut. Nutt, have promised full co-operation.

In Tokyo the army and navy will give a joint welcome reception to the American aviators. In other stopping places, elaborate receptions are also being planned.

The arrival is awaited with keen interest and great enthusiasm by the Japanese public.

Al Smith Certain Of Presidential Nomination If Texas And Other Dry States Send Delegates Uninstructed As To Choice For The Presidency

By A. GARLAND ADAIR

The National Convention of the Democratic Party meets this year in New York City. New York City is the home town of Al G. Smith. Al G. Smith is one of the three most prominent candidates for President on the ticket of the Democratic Party. With the convention meeting in his home, where the galleries may be packed by Tammany Hall leaders and members, Governor Smith has a distinct and undeniable advantage over every other candidate at the outset. Texas wields a powerful vote in the National convention. With Texans in the convention uninstructed as to the Presidential nominee, Al Smith will loom instantaneously as the candidate most likely finally determined upon. Every citizen who urges an uninstructed delegation as to candidate for president should weigh the importance of these two outstanding facts in the campaign at present.

In 1920, the New York delegation, with 86 convention votes, traveled across the continent to the city by the Golden Gate where the National Convention was held. When it came time for the delegates to consider the nomination of a president to succeed the late and lamented Woodrow Wilson, Burke Cochran, venerable and powerful, arose and, as one prominent newspaper correspondent and delegate wrote back to Texans "made us all love Al G. Smith." When he sat down, at the conclusion of his eloquent nomination, an ovation started, led by New York which lasted 36 minutes and was exceeded only by the demonstration that was accorded William Jennings Bryan at the conclusion of his twenty minute address on prohibition. Mr. Bryan was cheered for 44 minutes. When Al Smith was nominated, the Cox band played; the convention band played; the $100,000 pipe organ played; all the noise possible was permitted to go the limit unrestrained and uninterfered with. When Bryan spoke on the prohibition plank he proposed, the chairman tapped his gavel with all his power, seeking to prevent a demonstration. The Cox band was hushed by his instruction. The convention band and pipe organ were not allowed to contribute whatever to the noisy demonstration. Despite this fact, Texans and others who favored a dry union continued their demonstration for 44 minutes. In the parade in the convention hall, recognizing the distinguished services of Burke Cochran and following his nomination of Al Smith, the East especially and practically every other State in the Union participated most hilariously. New Jersey was exceedingly wet then, as well as many other States.

With the memory of this convention firmly in mind, it is but natural to fear the triumph of both a wet plank and a wet candidate, especially since the convention is to meet in the wettest of the wet states, where a man lives, honored by his people, who is now seeking to be the standard bearer of the party in the next presidential campaign.

It would be suicidal for the democrats of Texas to co-operate with the plans of the wets in America by sending an uninstructed delegation as to presidential choice and anyone who attended the 1920 convention will readily agree to the truths of this statement. It was my good pleasure to attend the National convention in 1920. I speak, in this regard, not from hearsay or newspaper story, but from observance and with the memory I cherish of having participated in that unforgettable demonstration for Mr. Bryan, and not forgetting the great fight they put up for Al Smith of New York, Edwards of New Jersey and other wet candidates of the wet part of the of democratic party.

It would be a concession at the very outset that Texas is not firmly convinced that the Eighteenth Amendment to the Constitution is proper should this proud state fail to instruct her delegates in every particular as to party platform and party candidates.

In this day and time, the candidate means more than a platform. Americans must give more attention than ever to their candidates for public trust and not detract whatever from their attention to party principles.

Now just take a look in at a National convention. The delegates from Texas, and from all other states, gather in the convention hall. They hear the meeting called to order, listen to the key note address and go to their hotels. The majority of delegates actually have t ocome back home before they know what happened at the convention. The real work of the convention is done by a few committeemen in closed rooms and behind closed doors. Only a few of the 40 from Texas are ever put on any of the committees. The others merely attend. If they are instructed as to principles and as to party leader for president, they feel safe. They know that they will not go wrong if they heed home given instructions. The members of the delegation not on committees frantically read the newspapers in the convention city to see what is going on. They attend the daily meetings of their own delegations and get in touch with everything they can. In the main, however, they are blind and kept in the dark. In the meantime, the manipulators of the political machines, the master politicans are busy and they find uninstructed delegations the easiest marks for them to seek to control. As a matter of justice to the delegates and as a needed safety and precaution, they should be instructed as to party nominee as well as to party principles. Send 40 uninstructed voters to choose a president and they will soon be in a state of division, from which they will never recover. They will not present a solid front for any appreciable time and a solid front is absolutely necessary during this critical time to preserve the party against a wet plank and a wet candidate.

UNBANNISTERED CULVERTS A MENACE.

The dangers of unbannistered culverts on highways and roads becomes more apparent daily to autoists who traverse them. For example, there is a culvert over a ditch on the Waco highway, between Tehuacana and Coolidge which is certain, sooner or later, to be the cause of a serious accident. The culvert is not wide enough for two cars to pass safely. The ditch is about four feet deep and six or eight feet wide. It has no bannisters or anything to keep cars from turning off and over, especially at night when glaring headlights blind the driver. That small bridge should be given immediate attention, else the county is apt to be held responsible for killing some citizen and damage costing much more than the few pieces of wood and few minutes labor necessary to correct the defect. There are other places along the roads of Limestone county equally menacing. But this one particularly has been the subject of frequent comment and criticism. All should be corrected.

It may not have been necessary in "the good old days" to put up side bars over culverts, but with automobiles becoming more numerous and travel more frequent and rapid, every precaution should be taken to safeguard human life and protect the private property of the people while using the public highways and roads.

TRE IMMIGRATION PLANK

The immigration question has become so vitally connected with the present and future of America that it would be folly for the Democrats of this county and country to ignore the subject in convention assembled. Precinct conventions should urge a plank on this subject, repeated and enforced at the county conventions, at the state convention and finally at the National convention.

One education, one culture, one set of national institutions will make citizens more and more alike, as in the days before the character of our population was varied and shaken by masses of immigrants from strange countries. Naturally then political differences will be due far less to problems and quarrels of the Old World, political issues will be American issues, growing out of American life and aiming without divided mind or spirit, at the welfare of America.

The American Legion has well urged "America for Americans" and it is not necessarily a selfish policy. For such a homogeneous America as we had once, and may have again, should be better able to serve the world usefully than a mongrelized America that was merely a poor copy of Europe.

"Only those who have experienced the peaceful relief of eye comfort after struggling along for weeks, months, and sometimes years, know the wisdom of proper attention and care of the eyes. Get the truth about your eyes."

TEXAS FRAM BUREAU IS REDISTRICTING STATE

Preparing for the annual elections the Texas Farm Bureau Cotton Association, the entire State is being redistricted by the executive committee of the organization. This was made necessary of the addition of 15,000 new members since the last elections, which has unbalanced representation, it was said.

The redistricting will be completed by April 30 an on May 10 county units will elect delegates to the district conventions May 17, which in turn will name representatives to the annual convention at Dallas.

Under the charter of the association twenty district directors are to be chosen, one director to be named by the Governor, one appointed by Texas Agricultural and Mechanical College, and one selected by the Texas Farm Bureau Federation.

The old board will meet here Wednesday to complete the desistricting and convention plans.

ROAD THROUGH TEHUACANA NOW OPENED TO TRAVEL

Commissioner John Kennedy of this precinct reports that the road thru Tehuacana over the Waco highway has been opened, following recent repairs. Travel has been detouring from a point near the rock quarry to the business district of Tehuacana while this work has been in progress. The road is in much better condition now.

Don't Let the Heart of Me Grow Old.

MRS. E. R. BIGGS, Tehuacana, Texas.

Keep me youn, oh, keep me young!
Though ambitions are all behind me flung,
Though cracked my voice and slow my feet,
Make me to smile at those I meet,
And a place in their hearts I still can hold
If I don't let the heart of me grow old.

Keep me youn, oh, keep me young!
Young as the folk I live among.
Though my strength depart before the night
My mind and soul will still be bright
With a love that isn't a tole once told
If I don't let the heart of me grow old.

Keep me youn, oh, keep me young!
Nor let my life be a song once sung,
Nor let me frown on the frolic and fun
Of those who yet laugh and sing and run.
I can wink at youth so proud and bold
If I don't let the heart of me grow old.

Keep me young, ujst young and glad!
Let not the spirit of me be sad
When I'm pushed aside with words that chill,
The world has still the power to thrill,
Though I haven't won fortune or fame or gold,
If I don't let the heart of me grow old.

BIKE SIMMONS AGREES TO MEET IN DEBATE ANY OTHER CANDIDATE FOR RING AT SHRINE CLUB BANQUET

Reports from Shrine Headquarters early this morning bring a message from Bike Simmons, the popular Shrine ring candidate from Corsicana. He has written a challenge to meet any of the varied aspirants from this section in a joint debate at the Shrine Club banquet to be held Friday night in the Texas Cafe, Hurdleston Hotel building.

Bike is playing strong for the united support of the Shriners of this section at the coming Karem ceremonial in Waco, May 8th.

Unless a dark horse of sufficient weight enters the race at the last minute, Bike's supporters think his prospect is bright indeed.

In any event the local Shriners and ladies are promised a real treat in this distinct feature of the evening's pleasure next Friday night, as without a doubt, some opponent will meet Mr. Bike and speak on the merits of his platform as compared to that of friend' Bikes.

The program committee consisting of six live Shriners are going night and day, framing a program that will please every Shriner and lady who attends the banquet; and this is venturing a broad assertion.

Secretary Leamon is now urging the nobles to respond promptly to a letter mailed them about the banquet, and further states that if a letter has not reached every noble, it was purely an oversight and nobles reading this item are requested to see, write or phone him at once and sign up for the banquet.

In the meantime, encouraging reports come from headquarters with reference to the progress of the coming week of fun at the Shrine Circus.

Cars can now be seen on the streets with stickers on the front and back heralding the event to the world at large.

Beautiful lithographs are on the road and should arrive any day now and will soon be in evidence in prominent parts of the city and on bill boards.

A report leaked out from headquarters this morning that during the parade hours and afternoon concerts on the streets during the carnival week, it is likely that some circus acts worthy of mention will be performed in the business section of the city just to give the public a small sample of what goes on inside the main tent.

Just what the Shriners are going to pull most any time during the week, will only be in keeping with past history of this live organization, as they always have something up their sleeve that is worth while and not only do they indulge in spreading happiness, but they have a serious side to their work, being that of spreading the mantel of charity over all of their territory, which includes the whole North America.

A display add will appear in this paper tomorrow carrying more news of the coming circus.

If each member of the congregation was to give the minister his candid opinion of the sermon he would probably resign.

BOARD OF STEWARDS OF M. E. C. S. MEET

The Board of Stewards of the First Methodist church met in the office of Dr. Lennie Metcalf Tuesday night at 8 o'clock. Chairman Noel Hollingsworth reports that the finance committee was instructed to continue its campaign for funds for church improvement. It was decided that not enough money was yet on hand to undertake the work on the basement and heating plant at this time.

ORDINANCE of the City Commission of the City of Mexia, Texas, determining the necessity of levying an assessment against the property and the owners thereof on a portion of Kaufman Street, in the City of Mexia, for a part of the cost of improving said street, and fixing a time for hearing of the owners or agents of said owners of said property or of any person interested in said improvements, as provided by Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia, and directing the City Secretary to give notice of said hearing and examining and approving the plans and specifications and statement or report of the City Engineer, and declaring an Emergency.

WHEREAS, the City Commission of the City of Mexia, Texas, has heretofore by resolution passed and approved on the 15th day of February, 1924, ordered the improvement of Kaufman Street from the North line of Sumpter Street North to the city limits, in the City of Mexia; and,

WHEREAS, plans and specifications for the improvement of said street have been duly prepared and approved as required by the terms of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia; and,

WHEREAS, as required by said Statutes, Charter and Ordinances, after advertisement for bids for said work of improvement had been made, said work of improvement was let to Uvalde Paving Company to improve with Uvalde rock asphalt pavement on concrete base, and concrete curbs and gutters, as provided by said plans and specifications; and,

WHEREAS, a written contract has been entered into by and between the City of Mexia and Uvalde Paving Company on the 23rd day of April, 1924, for the construction of said improvements:

THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF MEXIA: That the plans and specifications and report or statement of the City Engineer filed with the City Commission, describing the abutting property and giving the names of property owners, and number of front feet and the cost of improvement chargeable against each abutting property and its owner, having been duly examined, is hereby approved. That the City Commission does hereby determine to assess the entire cost of curbs and three-fourths of the cost of all other improvements, against the owners of the property abutting thereon, and against their property, in accordance with the terms of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia. That the said assessment shall be made after the notice to such property owners and the hearing herein mentioned, and that the said portion of the said cost of improvements to be assessed against such property owners on said street, and their property, shall be in accordance with the front foot plan or rule in the proportion that the frontage of the property of each owner on said street or the portion of said street named to be improved bears to the frontage of the whole property to be improved on said street; provided, that after such hearing, if such plan of apportionment be found to be not just and equitable in particular instances the City Commission shall so apportion all said cost as to produce a substantial equality between all such property owners abutting on said street or the portion of said street to be improved, having in view the enhanced value of that property and the benefits derived from such improvement, and the burdens imposed upon them by such assessment, and that in no event shall any assessment be made against any owner or his property in excess of the enhanced value of such property by reasons of such improvement. That the proportionate cost of such improvement which is contemplated to be assessed against such owners and their properties shall become due and payable in five equal installments, one-fifth thirty days after the completion and acceptance of the improvement on said street, one fifth one year after said date, one fifth two years after said date, one fifth three years after said date, and one fifth four years after said date, together with interest at the rate of eight per cent. per annum from the date of completion and acceptance of the improvement on said portion of said street named to be improved. That the total proportionate part of the cost of such improvement which is contemplated to be assessed against such owners and their respective properties and the names of the owners of property abutting upon said street aforesaid, properties to be improved, and the description of that property and the several amounts proposed to be assessed against them respectively for paving and for curb and gutter, and the grand total thereof, is as follows:

Big Prizes Offered For Short Stories

FORT WORTH, Texas, April 29.—Prizes totaling $525.00 for short stories written by Texans were announced today by The Texas Outlook, the magazine published in Fort Worth by the teachers of the state. R. T. Ellis, the managing editor, stated that the aim was both to get good fiction for the magazine and to encourage the development of Texas writers.

The contest is open to every citizen of Texas, and is in no way limited to any particular group. The term "short story," and the matter of citizenship are the only limitations. It is expected that there will be a large number of entries, as Texas has at this time a good many writers who are regular contributors to leading periodicals of the nation.

Twelve prizes are announced, the first as $150.00; the second as $100.00 third, $50.00; and nine prizes of $25.00 each. Stories must be in the hands of the judges before December 1, and the winners will be announced January 1. The judges are yet to be selected, the plan calling for the selection of eminent teachers of English and editors of magazines as the judges. It is expected that the first prize story will be published in the February issue of The Texas Outlook, and the others will follow in order of their awards for the succeeding twelve months.

Starting seven years ago as a quarterly bulletin for the Texas State Teachers' Association, The Texas Outlook has become the leading popular educational magazine of the Southwest, with a circulation of nearly 20,000. The plans of the editors include the building of a publication that will serve to fully co-ordinate the parent and the school system in making Texas schools take a commanding position in the nation. The introduction of the short story as a part of the monthly offering of the magazine will furnish ar element of interest that has not been satisfied heretofore in its columns.

Bicycle Campaign Is Going Good

City circulator for the Mexia Daily News, Eugene Ormsby, reports that the bicycle campaign being carried on by the department is progressing with gratifying results. Two boys and one girl have already gotten within a few subscribers of the necessary twenty-five to secure a wheel and it is likely, said Mr. Ormsby, that before the first week in May, which is National Bicycle week, is over that these campaigners will have secured a brand new wheel with which to ride about on the splendid streets and roads near and in Mexia.

However there seems to be some misunderstanding which cannot be cleared up entirely. Many subscribers or would-be subscribers seem to think that it is necessary to pay up for one year in advance in the city. This is a mistake. Only one month has to be paid for at the time that the representative of the circhlation department calls to have the shubscription certified. The other months are collected for as they come due.

Another misunderstanding which appears hard to clear up is that there is only one wheel to be given away. This is not a contest but a campaign. If necessary 100 wheels will be bought and given away. The number to be given away depends only upon the number of campaigners who get 25 bona fide subscripions each.

The date for the closing of the contest has not yet been set. It is announced that plenty of time will be given every campaigner to get a wheel If a boy or girl starts now to soliciting subscriptions and only gets one a day there will still be plenty of time for each one to win a wheel.

Mayor Working In Clean Up Party

BRECKENRIDGE, Texas, April 30.—As a model for good citizenship, Mayor Ridgell and members of his official family donned overalls and gave the city's office furniture a rest while they tackled the weeds in the main streets here.

Each department of the city administration has been assigned a section of the city to help. The fire department, pound officer and other dignitaries are colonels in the mayor's clean-up army.

Norwegians established a great colony in Greenland 500 years ago, which vanished completely.

Two Boys Arrested Forgery and Theft

Contsable Kennedy arrested two boys about 16 years of age Sunday charged with theft and forgery. According to the officers one of the boys took about $60 from the American Theatre and escaped by service car to Corsicana, where he lived, telling the service car driver that he had a call from his mother saying that she was very low.

The officers stated that the two boys had been hanging around the theatre for some time and while the manager was busy at something, having thrown off his coat, one of the boys took a billbook from the pocket of the coat and immediately left. The other boy seemed to be ignorant of the theft and failed to follow his companion with the result that the officers held him for investigation and from him learned of the locality in Corsicana in which the boy could be found.

Mr. ennedy went to Corsicana and arrested the boy bringing him back to Mexia. It turned up the next day that the two boys had passed a worthless check, officers stated, and charges for that offense were filed against them. An examining trial was given the tow boys in Judge Kennedy's Court and both were bound over to await the action of the Grand Jury under $1000 bond each.

It is said that one of the boys is already under a three years suspended sentence given him recently in Fort Worth.

COLUMBUS, Ohio, April 30.—President Calvin Coolidge and Former Governor James E. Cox are Ohio's selections for the Republican and Democratic nominations for President.

Voters of Ohio, in yesterday's presidential primaries, gave decisive majorities for Coolidge and Cox in the preferential vote, and gave to each the State's delegations to their respective national party conventions.

Slogan Contest Postponed, Friday

In order that every school boy or girl who wishes may participate in the prize contest, the time for sending in suggested slogans for the Mexia Manufacturers and Jobbers Association has been extended to Friday night, May 2nd.

Some thirty-five or forty interesting slogans have been submitted up to date. While quite a bit of advertising and publicity have been given the contest, which offers a $10 gold piece to the boy or girl under 15 years of age now in one of the Mexia schools who sends in the best slogan, the number participating is rather small, and instead of closing the contest tonight, it has been deemed best to give the school children another two days.

Your taking part, boys and girls, will be very much appreciated by the manufacturers and wholesales of Mexia, as well as all the other business firms.

Write out as many slogans as you wish. Sign your name, age, and address on the same sheet and the Publicity Committee of the association will award the prize to the one having the best slogan in their opinion.

Here are some slogans that are not suitable. They will give you an idea of just about what is needed. See if you can think up a better one:

"Buy it in Mexia."
"All for one—one for All."
"It's in Mexia."
"Mexia Has it."

Patterson's Column

If through some feat of magic black we might bring old Ben Franklin back. I wonder what he'd do and say to see the way we live today. He was, as every school boy knows, a man of thrift, the story goes, that not a solitary cent by him for foolishness was spent. He never saw an aeroplane or even rode upon a train. He never saw a movie show or listend to the radio. He never saw a flapper flap, or held a typewriter on his lap, and it would make the old man shiver to dodge a school kid driven flivver. And I can see the old boy squake, when charged two dollars for a steak. For though he helped bring these about, the cost would make him do without. BUT when he saw the bills we pay for electricity today, he'd read them carefully and then, it's likely he'd drop dead again.

—Patterson.

"The man who neglects his eyes neglects happiness, health and earning capacity."

SECRET IS SAFE

People who have been embarrassed repeatedly on account of disfigured skin on their face, neck, arms and hands, caused by eczema, tetter, rash boils, pimples, etc., are nearly always sensitive about these things to the point of feeling that every body is watching them and talking about how bad they look.

They even hesitate to ask anyone's advice about getting rid of these awful things, and for this reason the wonderful Black and White Ointment is making friends by the thousands because they can get it from their nearest dealer without a lot of explanations, and use it quickly gets rid of all those skin ruiners.

SENATORS PLAN TO CLEAN UP LEGISLATIVE PROBLEMS

By PAUL R. MALLON
(United Press Staff Correspondent)

WASHINGTON, April 30.—With the tentative adjournment date only a month off, the Senate leaders today completed arrangements for cleaning up the most important of the legislative problems before that body.

Here is what they plan to do:

Tax Reduction.

Pass the bill before this time next week. Minor amendments already adopted. Publicity for all income taxes to come up for discussion today; board of appeals tomorrow and corporation taxes, normal and surtax rates in the order named.

Farm Relief.

Farm Bloc will force up the McNary-Haugen and Norris price stabilization measure next week as soon as the tax bill is finished.

Bonus.

Conferees on the bill passed by the House and Senate expected to reach an agreement today or tomorrow and the agreement will be sanctioned by both Houses firthwith. If the President vetoes the bill then leaders do not figure it will require more than a day in each House to pass it over his veto.

Immigration.

Final action may be held in abeyance for week or more. The bill with its Japanese exclusion provision, is now in conference and some agreement is reported in sight.

Muscle Shoals.

Republican leaders do not intend to let this stand in the way of other measures. Probabilities are that final action will not be taken before summer adjournment.

Veterans' Bureau.

Re-codification bill will be passed by the Senate within the week. It will be sandwiched in during idle moments on the tax bill.

Appropriations.

...se are being speeded through and readers now have ceased to worry about them.

Clarence Gilmore Says Railroads In Good Condition

DALLAS, Texas, April 29.—The jitney bus has made great inroads on the railroads' passenger carrying traffic in Texas, according to Clarence E. Gilmore, chairman of the state railroad commission. Increased freight traffic, however, has made up the difference, Gilmore added. "Railroads in Texas are in generally good condition, the best in years," the railroad commissioner declared.

A THOUGHT OF MATTHEW ARNOLD

Fear "that his country might swing away from the Bible. That it might come about through neglect of the Bible on one hand, or through wrong teaching on the other." And his belief that "the Bible should be studied constantly as a model by which men ought to learn to write," is the manner in which the great essayist expressed his veneration for the Bible. Matthew Arnold was a deep thinker, an eminent critic and a consummate master of style. He is studied and followed today by all those who are concerned with speech or writing. Text books come and sometimes quickly go, through different periods of educational progress, but the Bible remains a standard, began as a standard and at the end of time will remain the final standard to follow for beautiful construction, and for the constructive suggestion of beautiful and ennobling thought.

DICKENS AND THE BIBLE

Charles Dickens wrote to his son on going to college as follows: "You know that you have never been hampered with religious forms of restraint and that with mere unmeaning forms I have no sympathy.

"But I most strongly and affectionately impress upon you the priceless value of the New Testament, and the study of that book as the one unfailing guide in life

"Deeply respecting it, and bowing down before the character of our saviour as separated from the vain contructions and conventions of men, you cannot go very wrong, and will always preserve at heart a true spirit of veneration and humility."

The great novelist thus voices the opinion of many parents and those older people whose interest in some younger friend has caused a desire to make that friend a gift of lasting good and of everlasting pleasure

This paper has put it within the power of every reader to gratify such a desire. The coupon plan whereby the Large Print Red Letter edition of the Bible can be secured is printed in another column.

D, 1924, in a suit, numbered on the docket of said court as No 4150-B, wherein Bradford Supply Company, a corporation is plaintiff, and John H. Brown and M. J Kallett are defendants, and said petition alleging:

That plaintiff at the instance and request of defendants on or about July 18, 1922 and covering a period through December, 1922, sold and delivered to them various goods, machinery and oil well supplies, amounting to the sum of $1818.09, in consideration of which defendants promised to pay plaintiff upon demand said amount, all of which is fully shown by an itemized statement of the dates goods and amounts charged therefor attached to plaintiff's petition; that said material was used by defendants in the development and improvement of an oil and gas lease; that on March 26, 1923, plaintiff fixed a materialman's lien as required by law covering all the lease, leasehold estate, oil and gas rights in and under the following land: Being a part of the land owned by W. D. Freeman, H. W. Freeman and H. C. Freeman and described in a deed record in Vol. 105, page 434, deed records of Limestone County, Texas. Beginning in the southeast line of said tract, north 52½ east, 437.7 vrs from the southwest corner of the tract which is the southwest corner of a twenty acre tract heretofore leased to Joseph Danciger; Thence North 35½ west with Danciger's northeast line, 356.7 vrs.; Thence north 52½ east 158 2 vrs. to the southwest line of a 40 acre tract heretofore leased to R. Jackson under the firm name of Wofford & Jackson, as agents of these Defendants and the remaining joint owners. That said account is past due and unpaid and defendants have failed and refused to pay same or any part thereof except the sum of $500.00 to plaintiff's damage in the sum of $1319.09.

Uncle Sam's Hints To The Household

Fish as Brain Food.

Many people think that fish is particularly good as brain food because it contains phosphorus. Experiments, however, have not found any proof that fish is more valuable than meats or other foods for brain nourishment. —U. S Office of Experiment Stations.

Dangers of Ice.

If ice is dragged across dirty streets or handled by dirty hands, it may contain disease germs. Cloudy or dirty ice may also be infected. If artificial ice is clear, properly handled, and washed with pure water, it may be used with safety in drinking water or for cooling foods.—United States Public Health Service.

House Flies.

Another reason why house flies should be killed is found in the fact that a fly is fully developed in eight or ten days after birth and that each female can lay 100 or more eggs. To get rid of one fly is to prevent the coming into life of many more flies.—Unitde States Public Health Service.

Corn Meal.

The granular nature of corn meal is a distinct advantage in making griddlecakes and waffles because it makes them tender.—Federal Office of Home Economics.

Out of three times at the bat Jones, of the Gushers, took three hits off the Temple Surgeons Monday. They were good ones, too. One three bagger and two second baggers.

Butler showed up well with the stick Saturday afternoon by rapping out three two baggers in four trips to the plate against the Austin Rangers.

Crow put down seven men via the strike out route Monday against the Surgeons. The Gushers seem to be improving all along.

Westminster College opens its baseball season at Tehuacana Thursday and Friday when they meet the Alexander College team in two games.

Joe Potter, third baseman for the Westminster Wildcats is now back in condition after having twisted his ankle some weeks ago, forcing him to walk on crutches for several weeks. Potter is a good hitter and star base runner and his loss to the team would materially weaken the lineup.

Coach Poteet's Black Cats romped on Coolidge by defeating them in a closely contested game at Gusher Park Monday afternoon to the tune of 3 to 0 Cox for Mexia pitched a good game and Bobbie Wallace dimunitive second baseman showed up mighty well at his position, incidentally winning his letter for this season.

The University of Texas Longhorn baseball team has fourteen games on their schedule, twelve of which are to be played at Clark Field. The two games on the road will be with the Baylor University Bears in Waco. The Longhorns have won ten games thus far in the season, eight of which were on the road. The Longhorns excelled all other teams in the conference in every department, pitching, catching, infield and outfield. The following are the Southwestern Conference games this week: Monday and Tuesday, Arkansas University vs. Texas University at Austin; Wednesday and Thursday, Arkansas University vs. S. M. U. at Dallas; Friday and Saturday, Arkansas University vs T. C. U. at Fort Worth; S. M. U. vs. Baylor University at Dallas; Texas A. and M. College vs Rice Institute at Houston.

The Pioneer Newsies suffered a defeat at the hands of the Fallon town team Saturday afternoon. The score stood 26 to 0. The Fallon boys must have raked up every baseball player in that neck of the country in order to wipe out disgrace of several Saturdays ago when the Newsies held the larger team to an 8 to 5 score in 15 innings.

Magnus Johnson Is Out After Packers

WASHINGTON, April 29.—Senator Mangus Johnson has started his war on the packers. The Minnesota senator, in accordance with campaign pledges, introduced a resolution in the senate charging illegal administration of the packers and stockyards act, and calling on John T. Adams, chairman of the republican national committee for information regarding campaign contributions made by the "big five" packers since 1920.

11 DIE IN STORMS THROUGHOUT SOUTHWEST

Confederates To Hold Annual Picnic May 2

Fifty Injured Million Dollar Damages Reported

ATLANTA, April 30. — Eleven known dead today as the result of terrific storms and a cyclone which swept throughout the Southwest last night and this morning. Fifty were injured and the property damage is estimated at $1,000,000.

A severe wind storm, accompanied by hail and lightning, swept this section today, causing heavy property damage. Property loss in Atlanta is $100,000.

Southwest.

KANSAS CITY, April 30—Storms sweeping over the southwest since Sunday have resulted in three deaths caused heavy property damage and swollen many streams to flood stage.

Mrs. Roy Pyle was killed and two were injured by a tornado at Ingalls, Okla. Another twister struck Texarkana, Texas, and killed Luther Thompson, five, and seriously injured seven persons. Lena Payne, 8, was killed at Wichita Falls, Texas, when the wind blew a slide on the playground over on her.

Flood warnings were issued along the Arkansas River in Kansas following a rain which soaked the State during the last 24 hours. From 3 to 6 inches were reported.

Oklahoma

OKLAHOMA CITY, Okla, April 30.—One person was killed, two injured and several thousand dollars property damage caused by gales and rain which lashed the state during the last 24 hours.

Mrs. Roy Pyle, 30, was crushed to death when a tornado demolished her home at Ingalls. The injured were Roy Pyle, and Mrs. J. F. Bailey. No other traces of the twister has been reported. Several houses in the small oil town were also damaged.

Trees were uprooted and windows smashed in by a forty mile wind and hail storm which swept this city late yesterday. Hail and rain accompanied by heavy wind was general in the northwestern section of the State.

El Paso

EL PASO, Texas, April 30.—El Paso and Juarez were menaced by floodwaters today as a result of high waters beating against Elephant Butte dam.

Officials of the two cities discussed the flood danger with George Curry of the American Boundary commission following reports that San Marcial, N. M., and other towns in that section were menaced by the high water..

Swollen streams were said to be pouring water into the Elephant Butte reservoir in such quantities that a large volume of the waters may have to be released over the spillway to save the dam. In that event, it was said, El Paso and Juarez would be in the direct path of the floodwaters.

Mexican officials have wired Mexico City for financial assistance to meet the threatened emergency.

Texarkana

TEXARKANA, April 30.—One dead, 14 injured, and property loss estimated at $25,000 resulted from a tornado which struck this section late yesterday. Homes in the path of the twister, which cut a swath about 100 yards wide and a half mile long were swept away. Most of the injured were suffering from cuts and bruises or nervous shock.

Wichita Falls

WICHITA FALLS, April 30.—High winds which swept this section late yesterday caused enormous property damage, it was reported today.

Farmers reported considerable cotton was damaged by the storm, and in some sections small homes and other buildings were wrecked by terrific winds.

Lena Payne, 8 years old, student at the Fannin school here, was instantly killed when winds blew down a slide on the playgrounds and crushed her beneath it.

Prince George, youngest son of the British rulers, is ill in London with influenza. In an effort to secure increased wages and avert a strike in the Bayonne, N. Cancelling all his concert engagements and summoning members of his family, Ignace Paderewski, world famous pianist and former Prime Minister of Poland, rushed in his private car from Sioux City, Iowa, to Chicago to secure doctors and nurses for his pet Pekingese spaniel, Ping Lung. It has been rumored in Athens that two persons from the yacht Corsair, in which Mr. and Mrs. J. P. Morgan were touring the Mediterranean, had been murdered in Albania. Senator George W. Norris, of Nebraska, asked the Senate Committee on Agriculture why Henry Ford gave his support to President Coolidge after talking with the Chief Executive on his bid for Muscle Shoals. Elon B. Hooker, New York City financier, has also bid for a 50-year lease on Muscle Shoals, promising the Government $305,000,000 and the people liberal terms for fertilizer and hydro-electric power.

Former Mayor of Dallas To Address Mexia Rotary Club Thursday Noon When New Officers Are Installed

It is learned today that the principal speaker at the Mexia Rotary club luncheon Thursday at noon will be Hon. Frank Wozencraft of Dallas, former Mayor of that city.

Mr. Wozencraft has accepted an invitation to address the Rotarians on that occasion. His will be a classification talk, in line with Rotary custom, the classification on which he is to speak being, in this instance, his own line of business "Investments." He is Vice President and General Attorney of the Investment Finance Corporation of Dallas. He will discuss features of the organization and plan, which is said to be new to this section of the United States. He will be accompanied by Floyd S. Melton of the same company and they will be the guest here of Rotarian George Bell, who is local representative.

Mr. Wozencraft has won a national reputation and those who have known of his work assert that his is one of the brightest minds to be found among the successful young men of Texas. He was the youngest Mayor in the United States at the time he was Mayor of Dallas, being elected when he was but 26 years of age. While in that office, he attracted the attention of the country because of his courageous and intelligent stand on public issues. He is also a veteran of the World War.

His presence here will no doubt attract a large attendance at the Rotary club which will meet in the dining room of the Texas Cafe in the Hurdleston hote.

The new officers of Rotary will also be installed at the meeting Thursday.

In speaking of his election as President, Hardy ubanks stated today that he was going to give Mexia and Mexia Rotarians his very best service and that he would deeply appreciate the sympathetic co-operation of every citizen of the community, speaking with much appreciation of the signal honor bestowed upon him.

There is no substitute harder than the diamond—to get.

PARIS.—Andre Routis, bantamweight champion of France, retained the title when he won from Edouard Mascart on a foul in the fourth round.

Al Smith Certain Of Presidential Nomination If Texas And Other Dry States Send Delegates Uninstructed As To Choice For The Presidency

By A. GARLAND ADAIR

The National Convention of the Democratic Party meets this year in New York City. New York City is the home town of Al G. Smith. Al G. Smith is one of the three most prominent candidates for President on the ticket of the Demacratic Party. With the convention meeting in his home, where the galleries may be packed by Tammany Hall leaders and members, Governor Smith has a distinct and undeniable advantage over every other candidate at the outset. Texas weilds a powerful vote in the National convention. With Texans in the convention uninstructed as to the Presidetial nominee, Al Smith will loom instantaneously as the candidate most likely finally determined upon. Every citizen who urges an uninstructed delegation as to candidate for president should weigh the importance of these two outstanding facts in the campaign at present.

In 1920, the New York delegation, with 86 convention votes, traveled across the continent to the city by the Golden Gate where the National Convention was held. When it came time for the delegates to consider the nomination of a president to succeed the late and lamented Woodrow Wilson, Burke Cochran, venerable and powerful, arose and, as one prominent newspaper correspondent and delegate wrote back to Texans "made us all love Al G. Smith." When he sat down, at the conclusion of his eloquent nomination, an ovation started, led by New York which lasted 36 minutes and was exceeded only by the demonstration that was accorded William Jennings Bryan at the conclusion of his twenty minute address on prohibition. Mr. Bryan was cheered for 44 minutes. When Al Smith was nominated, the Cor band played; the convention band played; the $100,000 pipe organ played; all the noise possible was permitted to go the limit unrestrained and uninterfered with. When Bryan spoke on the prohibition plank he proposed, the chairman tapped his gavel with all his power, seeking to prevent a demonstration. The Cox band was hushed by his instruction. The convention band and pipe organ were not allowed to contribute whatever to the noisy demonstration. Despite this fact, Texans and others who favored a dry union continued their demonstration for 44 minutes. In the parade in the convention hall, recognizing the distinguished services of Burke Cochran and following his nomination of Al Smith, the East especially and practically every other State in the Union participated most hilariously. New Jersey was exceedingly wet then, as well as many other states.

With the memory of this convention firmly in mind, it is but natural to fear the triumph of both a wet plank and a wet candidate, especially since the convention is to meet in the wettest of the wet states, where a man lives, honored by his people, who is now seeking to be the standard bearer of the party in the next presidential campaign.

It would be suicidal for the democrats of Texas to co-operate with the plans of the wets in America by sending an uninstructed delegation as to presidential choice and anyone who attended the 1920 convention will readily agree to the truths of this statement. It was my good pleasure to attend the National convention in 1920. I speak, in this regard, not from hearsay or newspaper story, but from observance and with the memory I cherish of having participated in that unforgettable demonstration for Mr. Bryan, and not forgetting the great fight they put up for Al Smith of New York, Edwards of New Jersey and other wet candidates of the wet part of the of democratic party.

It would be a concession at the very outset that Texas is not firmly convinced that the Eighteenth Amendment to the Constitution is proper should this proud state fail to instruct her delegates in every particular as to party platform and party candidates.

In this day and time, the candidate means more than a platform. Americans must give more attention than ever to their candidates for public trust and not detract whatever from their attention to party principles.

Now just take a look in at a National convention. The delegates from Texas, and from all other states, gather in the convention hall. They hear the meeting called to order, listen to the key note address and go to their hotels. The majority of delegates actually have t ocome back home before they know what happened at the convention. The real work of the convention is done by a few committeemen in closed rooms and behind closed doors. Only a few of the 40 from Texas are ever put on any of the committees. The others merely attend. If they are instructed as to principles and as to party leader for president, they feel safe. They know that they will not go wrong if they heed home given instructions. The members of the delegation not on committees frantically read the newspapers in the convention city to see what is going on. They attend the daily meetings of their own delegations and get in touch with everything they can. In the main, however, they are blind and kept in the dark. In the meantime, the manipulators of the political machines, the master politicans are busy and they find uninstructed delegations the easiest marks for them to seek to control. As a matter of justice to the delegates and as a needed safety and precaution, they should be instructed as to party nominee as well as to party principles. Send 40 uninstructed voters to choose a president and they will soon be in a state of division, from which they will never recover. They will not present a solid front for any appreciable time and a solid front is absolutely necessary during this critical time to preserve the party against a wet plank and a wet candidate.

UNBANNISTERED CULVERTS A MENACE.

The dangers of unbannistered culverts on highways and roads becomes more apparent daily to autoists who traverse them. For example, there is a culvert over a ditch on the Waco highway, between Tehuacana and Coolidge which is certain, sooner or later, to be the cause of a serious accident. The culvert is not wide enough for two cars to pass safely. The ditch is about four feet deep and six or eight feet wide. It has no bannisters or anything to keep cars from turning off and over, especially at night when glaring headlights blind the driver. That small bridge should be given immediate attention, else the county is apt to be held responsible for killing some citizen and damage costing much more than the few pieces of wood and few minutes labor necessary to correct the defect. There are other places along the roads of Limestone county equally menacing. But this one particularly has been the subject of frequent comment and criticism. All should be corrected.

It may not have been necessary in "the good old days" to put up side bars over culverts, but with automobiles becoming more numerous and travel more frequent and rapid, every precaution should be taken to safeguard human life and protect the private property of the people while using the public highways and roads.

TRE IMMIGRATION PLANK

The immigration question has become so vitally connected with the present and future of America that it would be folly for the Democrats of this county and country to ignore the subject in convention assembled. Precinct conventions should urge a plank on this subject, repeated and enforced at the county conventions, at the state convention and finally at the National convention.

One education, one culture, one set of national institutions will make citizens more and more alike, as in the days before the character of our population was varied and shaken by masses of immigrants from strange countries. Naturally then political differences will be due far less to problems and quarrels of the Old World, political issues will be American issues, growing out of American life and aiming without divided mind or spirit, at the welfare of America.

The American Legion has well urged "America for Americans" and it is not necessarily a selfish policy. For such a homogeneous America as we had once, and may have again, should be better able to serve the world usefully than a mongrelized America that was merely a poor copy of Europe.

"Only those who have experienced the peaceful relief of eye comfort after struggling along for weeks, months, and sometimes years, know the wisdom of proper attention and care of the eyes. Get the truth about your eyes."

TEXAS FRAM BUREAU IS REDISTRICTING STATE

Preparing for the annual elections the Texas Farm Bureau Cotton Association, the entire State is being redistricted by the executive committee of the organization. This was made neessary of the addition of 15,000 new members since the last elections, which has unbalanced representation, it was said.

The redistricting will be completed by April 30 an on May 10 county units will elect delegates to the district conventions May 17, which in turn will name representatives to the annual convention at Dallas.

Under the charter of the association twenty district directors are to be chosen, one director to be named by the Governor, one appointed by Texas Agricultural and Mechanical College, and one selected by the Texas Farm Bureau Federation.

The old board will meet here Wednesday to complete the desistricting and convention plans.

ROAD THROUGH TEHUACANA NOW OPENED TO TRAVEL

Commissioner John Kennedy of this precinct reports that the road thru Tehuacana over the Waco highway has been opened, following recent repairs. Travel has been detouring from a point near the rock quarry to the business district of Tehuacana while this work has been in progress. The road is in much better condition now.

CORRECTION NOTICE.

The News has had its attention called to an error appearing in an article in this paper under date of Friday, March 27, 1924, under the headlines "New Industry Here Promises Great Growth In Serving Oil Fields With Tubing Protector." "The Werner Tubing Protector" referred to in the item was reported as having been "patented" which was an error in that the information from which the story was taken stated "patent applied for"

Don't Let the Heart of Me Grow Old.

MRS. E. R. BIGGS, Tehuacana, Texas.

Keep me youn, oh, keep me young!
Though ambitions are all behind me flung,
Though cracked my voice and slow my feet,
Make me to smile at those I meet,
And a place in their hearts I still can hold
If I don't let the heart of me grow old.

Keep me youn, oh, keep me young!
Young as the folk I live among.
Though my strength depart before the night
My mind and soul will still be bright
With a love that isn't a tole once told
If I don't let the heart of me grow old.

Keep me youn, oh, keep me young!
Nor let my life be a song once sung,
Nor let me frown on the frolic and fun
Of those who yet laugh and sing and run.
I can wink at youth so proud and bold
If I don't let the heart of me grow old.

Keep me young, ujst young and glad!
Let not the spirit of me be sad
When I'm pushed aside with words that chill,
The world has still the power to thrill,
Though I haven't won fortune or fame or gold,
If I don't let the heart of me grow old.

BIKE SIMMONS AGREES TO MEET IN DEBATE ANY OTHER CANDIDATE FOR RING AT SHRINE CLUB BANQUET

Reports from Shrine Headquarters early this morning bring a message from Bike Simmons, the popular Shrine ring candidate from Corsicana. He has written a challenge to meet any of the varied aspirants from this section in a joint debate at the Shrine Club banquet to be held Friday night in the Texas Cafe, Hurdleston Hotel building.

Bike is playing strong for the united support of the Shriners of this section at the coming Karem ceremonial in Waco, May 8th.

Unless a dark horse of sufficient weight enters the race at the last minute, Bike's supporters think his prospect is bright indeed.

In any event the local Shriners and ladies are promised a real treat in this distinct feature of the evening's pleasure next Friday night, as without a doubt, some opponent will meet Mr. Bike and speak on the merits of his platform as compared to that of friend Bikes.

The program committee consisting of six live Shriners are going night and day, framing a program that will please every Shriner and lady who attends the banquet; and this is venturing a broad assertion.

Secretary Leamon is now urging the nobles to respond promptly to a letter mailed them about the banquet, and further states that if a letter has not reached every noble, it was purely an oversight and nobles reading this item are requested to see, write or phone him at once and sign up for the banquet.

In the meantime, encouraging reports come from headquarters with reference to the progress of the coming week of fun at the Shrine Circus.

Cars can now be seen on the streets with stickers on the front and back hearlding the event to the world at large.

Beautiful lithographs are on the road and should arrive any day now and will soon be in evidence in prominent parts of the city and on bill boards.

A report leaked out from headquarters this morning that during the parade hours and afternoon concerts on the streets during the carnival week, it is likely that some circus acts worthy of mention will be performed in the business section of the city just to give the public a small sample of what goes on inside the main tent.

Just what the Shriners are going to pull most any time during the week, will only be in keeping with past history of this live organization, as they always have something up their sleeve that is worth while and not only do they indulge in spreading happiness, but they have a serious side to their work, being that of spreading the mentel of charity over all of their territory, which includes the whole North America.

A display add will appear in this paper tomorrow carrying more news of the coming circus.

If each member of the congregation was to give the minister his candid opinion of the sermon he would probably resign.

BOARD OF STEWARDS OF M. E. C. S. MEET

The Board of Stewards of the First Methodist church met in the office of Dr. Lennie Metcalf Tuesday night at 8 o'clock. Chairman Noel Hollingsworth reports that the finance committee was instructed to continue its campaign for funds for church improvement. It was decided that not enough money was yet on hand to undertake the work on the basement and heating plant at this time.

ORDINANCE of the City Commission of the City of Mexia, Texas, determining the necessity of levying an assessment against the property and the owners thereof on a portion of Kaufman Street, in the City of Mexia, for a part of the cost of improving said street, and fixing a time for hearing of the owners or agents of said owners of said property or of any person interested in said improvements, as provided by Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia, and directing the City Secretary to give notice of said hearing and examining and approving the plans and specifications and statement or report of the City Engineer, and declaring an Emergency.

WHEREAS, the City Commission of the City of Mexia, Texas, has heretofore by resolution passed and approved on the 15th day of February, 1924, ordered the improvement of Kaufman Street from the North line of Sumpter Street North to the city limits, in the City of Mexia; and,

WHEREAS, plans and specifications for the improvement of said street have been duly prepared and approved as required by the terms of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia; and,

WHEREAS, as required by said Statutes, Charter and Ordinances, after advertisement for bids for said work of improvement had been made, said work of improvement was let to Uvalde Paving Company to improve with Uvalde rock asphalt pavement on concrete base, and concrete curbs and gutters, as provided by said plans and specifications; and,

WHEREAS, a written contract has been entered into by and between the City of Mexia and Uvalde Paving Company on the 23rd day of April, 1924, for the construction of said improvements:

THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF MEXIA: That the plans and specifications and report or statement of the City Engineer filed with the City Commission, describing the abutting property and giving the names of property owners, and number of front feet and the cost of improvement chargeable against each abutting property and its owner, having been duly examined, is hereby approved. That the City Commission does hereby determine to assess the entire cost of curbs and three-fourths of the cost of all other improvements, against the owners of the property abutting thereon, and against their property, in accordance with the terms of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Charter and Ordinances of the City of Mexia. That the said assessment shall be made after the notice to such property owners and the hearing herein mentioned, and that the said portion of the said cost of improvements to be assessed against such property owners on said street, and their property, shall be in accordance with the front foot plan or rule in the proportion that the frontage of the property of each owner on said street or the portion of said street named to be improved bears to the frontage of the whole property to be improved on said street; provided, that after such hearing, if such plan of apportionment be found to be not just and equitable in particular instances the City Commission shall so apportion all said cost as to produce a substantial equality between all such property owners abutting on said street or the portion of said street to be improved, having in view the enhanced value of that property and the benefits derived from such improvement, and the burdens imposed upon them by such assessment, and that in no event shall any assessment be made against any owner or his property in excess of the enhanced value of such property by reasons of such improvement. That the proportionate cost of such improvement which is contemplated to be assessed against such owners and their properties shall become due and payable in five equal installments, one-fifth thirty days after the completion and acceptance of the improvement on said street, one fifth one year after said date, one fifth two years after said date, one fifth three years after said date, and one fifth four years after said date, together with interest at the rate of eight per cent. per annum from the date of completion and acceptance of the improvement on said portion of said street named to be improved. That the total proportionate part of the cost of such improvement which is contemplated to be assessed against such owners and their respective properties and the names of the owners of property abutting upon said street aforesaid, properties to be improved, and the description of that property and the several amounts proposed to be assessed against them respectively for paving and for curb and gutter, and the grand total thereof, is as follows:

Big Prizes Offered For Short Stories

FORT WORTH, Texas, April 29.—Prizes totaling $525.00 for short stories written by Texans were announced today by The Texas Outlook, the magazine published in Fort Worth by the teachers of the state. R. T. Ellis, the managing editor, stated that the aim was both to get good fiction for the magazine and to encourage the development of Texas writers.

The contest is open to every citizen of Texas, and is in no way limited to any particular group. The term "short story," and the matter of citizenship are the only limitations. It is expected that there will be a large number of entries, as Texas has at this time a good many writers who are regular contributors to leading periodicals of the nation.

Twelve prizes are announced, the first as $150.00; the second as $100.00 third, $50.00; and nine prizes of $25.00 each. Stories must be in the hands of the judges before December 1, and the winners will be announced January 1. The judges are yet to be selected, the plan calling for the selection of eminent teachers of English and editors of magazines as the judges. It is expected that the first prize story will be published in the February issue of The Texas Outlook, and the others will follow in order of their awards for the succeeding twelve months.

Starting seven years ago as a quarterly bulletin for the Texas State Teachers' Association, The Texas Outlook has become the leading popular educational magazine of the Southwest, with a circulation of nearly 20,000. The plans of the editors include the building of a publication that will serve to fully co-ordinate the parent and the school system in making Texas schools take a commanding position in the nation. The introduction of the short story as a part of the monthly offering of the magazine will furnish an element of interest that has not been satisfied heretofore in its columns.

Bicycle Campaign Is Going Good

City circulator for the Mexia Daily News, Eugene Ormsby, reports that the bicycle campaign being carried on by the department is progressing with gratifying results. Two boys and one girl have already gotten within a few subscribers of the necessary twenty-five to secure a wheel and it is likely, said Mr. Ormsby, that before the first week in May, which is National Bicycle week, is over that these campaigners will have secured a brand new wheel with which to ride about on the splendid streets and roads near and in Mexia.

However there seems to be some misunderstanding which cannot be cleared up entirely. Many subscribers or would-be subscribers seem to think that it is necessary to pay up for one year in advance in the city. This is a mistake. Only one month has to be paid for at the time that the representative of the circhlation department calls to have the shnbscription certified. The other months are collected for as they come due.

Another misunderstanding which appears hard to clear up is that there is only one wheel to be given away. This is not a contest but a campaign. If necessary 100 wheels will be bought and given away. The number to be given away depends only upon the number of campaigners who get 25 bona fide subscripions each.

The date for the closing of the contest has not yet been set. It is announced that plenty of time will be given every campaigner to get a wheel If a boy or girl starts now to soliciting subscriptions and only gets one a day there will still be plenty of time for each one to win a wheel.

Mayor Working In Clean Up Party

BRECKENRIDGE, Texas, April 30.—As a model for good citizenship, Mayor Ridgell and members of his official family donned overalls and gave the city's office furniture a rest while they tackled the weeds in the main streets here.

Each department of the city administration has been assigned a section of the city to help. The fire department, pound officer and other dignitaries are colonels in the mayor's clean-up army.

Norwegians established a great colony in Greenland 500 years ago, which vanished completely.

Two Boys Arrested Forgery and Theft

Contsable Kennedy arrested two boys about 16 years of age Sunday charged with theft and forgery. According to the officers one of the boys took about $60 from the American Theatre and escaped by service car to Corsicana, where he lived, telling the service car driver that he had a call from his mother saying that she was very low.

The officers stated that the two boys had been hanging around the theatre for some time and while the manager was busy at something, having thrown off his coat, one of the boys took a billbook from the pocket of the coat and immediately left. The other boy seemed to be ignorant of the theft and failed to follow his companion with the result that the officers held him for investigation and from him learned of the locality in Corsicana in which the boy could be found.

Mr. ennedy went to Corsicana and arrested the boy bringing him back to Mexia. It turned up the next day that the two boys had passed a worthless check, officers stated, and charges for that offense were filed against them. An examining trial was given the tow boys in Judge Kennedy's Court and both were bound over to await the action of the Grand Jury under $1000 bond each.

It is said that one of the boys is already under a three years suspended sentence given him recently in Fort Worth.

Cox Is Favored For President By Ohio Voters

COLUMBUS, Ohio, April 30.—President Calvin Coolidge and Former Governor James E. Cov are Ohio's selections for the Republican and Democratic nominations for President.

Voters of Ohio, in yesterday's presidential primaries, gave decisive majorities for Coolidge and Cox in the preferential vote, and gave to each the State's delegations to their respective national party conventions.

Coolidge's victory over Senator Hiram Johnson was overwhelming incomplete returns indicate he won by a majority of more than six to one.

Cox apparently defeated W. G. McAdoo by a majority of three to one.

Slogan Contest Postponed, Friday

In order that every school boy or girl who wishes may participate in the prize contest, the time for sending in suggested slogans for the Mexia Manufacturers and Jobbers Association has been extended to Friday night, May 2nd.

Some thirty-five or forty interesting slogans have been submitted up to date. While quite a bit of advertising and publicity have been given the contest, which offers a $10 gold piece to the boy or girl under 15 years of age now in one of the Mexia schools who sends in the best slogan, the number participating is rather small, and instead of closing the contest tonight, it has been deemed best to give the school children another two days.

Your taking part, boys and girls, will be very much appreciated by the manufacturers and wholesales of Mexia, as well as all the other business firms.

Write out as many slogans as you wish. Sign your name, age, and address on the same sheet and the Publicity Committee of the association will award the prize to the one having the best slogan in their opinion

Here are some slogans that are not suitable. They will give you an idea of just about what is needed. See if you can think up a better one:

"Buy it in Mexia."
"All for one—one for All."
"It's in Mexia."
"Mexia Has it."

Red Pepper For Rheumatic Pain

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It can not hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the *tingling* heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.—(Adv.)

Patterson's Column

If through some feat of magic black we might bring old Ben Franklin back. I wonder what he'd do and say to see the way we live today. He was, as every school boy knows, a man of thrift, the story goes, that not a solitary cent by him for foolishness was spent. He never saw an aeroplane or even rode upon a train. He never saw a movie show or listend to the radio. He never saw a flapper flap, or held a typewriter on his lap, and it would make the old man shiver to dodge a school kid driven flivver. And I can see the old boy squake, when charged two dollars for a steak. For though he helped bring these about, the cost would make him do without. BUT when he saw the bills we pay for electricity today, he'd read them carefully and then, it's likely he'd drop dead again.

—Patterson.

"Your eyes are worth the price of all the glasses ever made and like as not you need but one pair. Why hesitate over such an important matter as your eyesight and possibly your future usefulness?"

SECRET IS SAFE

People who have been embarrassed repeatedly on account of disfigured skin on their face, neck, arms and hands, caused by eczema, tetter, rash boils, pimples, etc., are nearly always sensitive about these things to the point of feeling that every body is watching them and talking about how bad *they look.*

They even hesitate to ask anyone's advice about getting rid of these awful things, and for this reason the wonderful Black and White Ointment is making friends by the thousands because they can get it from their nearest dealer without a lot of explanations, and use it quickly gets rid of all those skin ruiners.

The 50c size contains three times as much as the 25c size. All dealers have it.—(Adv.)

SENATORS PLAN TO CLEAN UP LEGISLATIVE PROBLEMS

By PAUL R. MALLON
(United Press Staff Correspondent)

WASHINGTON, April 30.—With the tentative adjournment date only a month off, the Senate leaders today completed arrangements for cleaning up the most important of the legislative problems before that body.

Here is what they plan to do:

Tax Reduction.

Pass the bill before this time next week. Minor amendments already adopted. Publicity for all income taxes to come up for discussion today; board of appeals tomorrow and corporation taxes, normal and surtax rates in the order named.

Farm Relief.

Farm Bloc will force up the McNary-Haugen and Norris price stabilization measure next week as soon as the tax bill is finished.

Bonus.

Conferees on the bill passed by the House and Senate expected to reach an agreement today or tomorrow and the agreement will be sanctioned by both Houses firthwith. If the President vetoes the bill then leaders do not figure it will require more than a day in each House to pass it over his veto.

Immigration.

Final action may be held in abeyance for week or more. The bill with its Japanese exclusion provision, is now in conference and some agreement is reported in sight.

Muscle Shoals.

Republican leaders do not intend to let this stand in the way of other measures. Probabilities are that final action will not be taken before summer adjournment.

Veterans' Bureau.

Re-codification bill will be passed by the Senate within the week. It will be sandwiched in during idle moments on the tax bill.

Appropriations.

se are being speeded through and readers now have ceased to worry about them.

Clarence Gilmore Says Railroads In Good Condition

DALLAS, Texas, April 29.—The jitney bus has made great inroads on the railroads' passenger carrying traffic in Texas, according to Clarence E. Gilmore, chairman of the state railroad commission. Increased freight traffic, however, has made up the difference, Gilmore added. "Railroads in Texas are in generally good condition, the best in years," the railroad commissioner declared.

A THOUGHT OF MATTHEW ARNOLD

Fear "that his country might swing away from the Bible. That it might come about through neglect of the Bible on one hand, or through wrong teaching on the other." And his belief that "the Bible should be studied constantly as a model by which men ought to learn to write," is the manner in which the great essayist expressed his vneeration for the Bible. Matthew Arnold was a deep thinker, an eminent critic and a consummate master of style. He is studied and followed today by all those who are concerned with speech or writing. Text books come and sometimes quickly go, through different periods of educational progress, but the Bible remains a standard, began as a standard and at the end of time will remain the final standard to follow for beautiful construction, and for the constructive suggestion of beautiful and ennobling thought.

DICKENS AND THE BIBLE

Charles Dickens wrote to his son on going to college as follows: "You know that you have never been hampered with religious forms of restraint and that with mere unmeaning forms I have no sympathy.

"But I most strongly and effectionately impress upon you the priceless value of the New Testament, and the study of that book as the one unfailing guide in life.

"Deeply respecting it, and bowing down before the character of our Saviour, as separated from the vain constructions and conventions of men, you cannot go very wrong, and will always preserve at heart a true spirit of veneration and humility."

The great novelist thus voices the opinion of many parents and those older people whose interest in some younger friend has caused a desire to make that friend a gift of lasting good and of everlasting pleasure.

This paper has put it within the power of every reader to gratify such a desire. The coupon plan whereby the Large Print Red Letter edition of the Bible can be secured is printed in another column.

Uncle Sam's Hints To The Household

Fish as Brain Food.

Many people think that fish is particularly good as brain food because it contains phosphorus. Experiments, however, have not found any proof that fish is more valuable than meats or other foods for brain nourishment. —U. S. Office of Experiment Stations.

Dangers of Ice.

If ice is dragged across dirty streets or handled by dirty hands, it may contain disease germs. Cloudy or dirty ice may also be infected. If artificial ice is clear, properly handled, and washed with pure water, it may be used with safety in drinking water or for cooling foods.—United States Public Health Service.

House Flies.

Another reason why house flies should be killed is found in the fact that a fly is fully developed in eight or ten days after birth and that each female can lay 100 or more eggs. To get rid of one fly is to prevent the coming into life of many more flies.—Unitde States Public Health Service.

Corn Meal.

The granular nature of corn meal is a distinct advantage in making griddlecakes and waffles because it makes them tender.—Federal Office of Home Economics.

Coach Poteet's Black Cats romped on Coolidge by defeating them in a closely contested game at Gusher Park Monday afternoon to the tune of 3 to 0 Cox for Mexia pitched a good game and Bobbie Wallace dimunitive second baseman showed up mighty well at his position, incidentally winning his letter for this season.

The University of Texas Longhorn baseball team has fourteen games on their schedule, twelve of which are to be played at Clark Field. Magnus Johnson Is Out After Packers

WASHINGTON, April 29.—Senator Mangus Johnson has started his war on the packers. Adams, chairman of the republican national committee for information regarding campaign contributions made by the "big five" packers since 1920.

Law Enforcement Meet In Houston

HOUSTON, Texas, April 30.—Prominent men and women in clerical and lay circles over the state gathered here today for a three-day "law enforcement" convention.

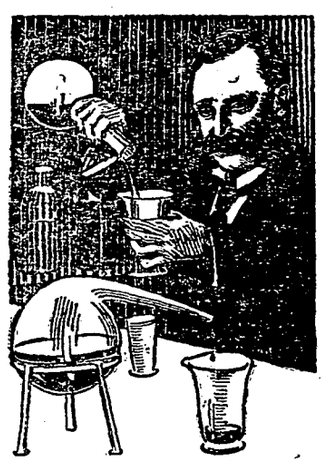
Roots and Herbs Best for Kidneys

DANIEL G. CAREY, M. D.

BACKACHE

said Dr. Carey is a pretty sure sign that all is not well with your kidneys.

Delay may be dangerous—thousands of people die every year from kidney troubles and many could be saved if the right medicine was taken in time.



Dr. Carey knew how to mix roots and herbs and for over 40 years his famous Marshroot Prescription 777 helped thousands of despairing people. It's the one remedy for backache troubles. Don't take chances—ask Anderson & Horn for it by name—liquid or tablet form—equally good, 75c.—(Adv.)
